Astrid Stoeppel: Picture "Minimalist Color Scheme #8" (2025)

€2,200.00

In my work "Minimalist Color Scheme #8" I have explored the vibrancy and harmony of colors in a minimalist way. Through acrylic and geometric shapes, I create a play of balance and contrast. The different sizes and soft pink and green tones (which remind me of magnolias) of the circles interact with each other and evoke a mood of calm and reflection. This picture brings a subtle yet powerful energy to any room, ideal for creating a clear and inspiring atmosphere. The painting is signed and dated on the back. A fixative further protects the work from dust and UV rays, it is shipped fully mounted.
