

Mark Hellbusch: Picture "Rare bird VI" (2025)

€620.00

Rare Bird VI In Rare Bird VI (45x47 cm, 2025), violet, blue, green and yellow meet in a flowing, almost weightless composition. The bird motif seems to emerge from the colors and at the same time dissolve back into them. The integrated artist's palette makes the work particularly lively by keeping the moment of creation visible. A powerful homage to freedom, change and movement.
