Mark Hellbusch:
Picture "Field of Mars CXXVIII" (2023)

€590.00

Marsfeld CXXVIII is an abstract work of art (50 x 33 cm) that fascinates with its organic, sand-like texture and harmonious color composition. The layered paint residues create a surface reminiscent of coastal landscapes or natural sediment layers. The earthy base tones convey calm and permanence, while vibrant accents of blue, red and yellow add a dynamic energy. This work, part of Mark Hellbusch's Marsfeld series, represents transformation and sustainability as it reinterprets recycled materials in an artistic context. With its minimalist aesthetic, Marsfeld CXXVIII brings a timeless elegance to any room and is perfect for modern living spaces or galleries.
