

Mila Weis: Picture "Light Experience No. 12" (2023)

€2,100.00

In this work, I explored acrylic paints to create a passionate connection of color and emotion. I wanted to create an abstract experience that combines impressions of expressionism and impressionism with minimalist elements. The dynamic strokes capture energy and movement and the color palette evokes feelings of vibrancy and hope. This artwork will bring an atmosphere of inspiration and reflection to any space.
