€1,850.00

In crafting this painting, I immersed myself in the vibrant dance of nature's complexities. Using expressive strokes and a vivid impressionist style, I aimed to capture the dynamic interplay of light and shadow among aquatic plants. This piece conveys the profound tranquility yet energetic pulse of a living ecosystem, inviting viewers to linger in its depths and explore the subtle nuances of color and form. It's meant to instill a sense of peace and invigoration in any space.
