

Beate Garding Schubert: Picture "There Is No Place Like Home (Diptych)" (2020)

"There is no place like home" is an oversized picture: 190 cm high x 200 cm wide, 4 cm deep. The diptych is painted with acrylic paints on high quality canvas. It belongs to the series HOME. The title is handwritten on the canvas. The theme of home / home occupies me for many years. In the process, flying birds appear again and again, which symbolize freedom. The imaginary landscape is immersed in a mystical mist. Yellow/orange stands for happiness, positivity, clarity and joy. Yellow conveys hope, which is so important to me in my paintings. The diptych can be hung immediately. It has a glaze that protects against UV light.
