

## Karin Döring: Picture "DETOX" (2024)

In a world characterized by technology, stress and environmental pollution, "DETOX" reminds us that the pursuit of inner balance and outer cleansing is crucial to our well-being. In this work, Karin Döring succeeds not only in telling a captivating visual story, but also in subtly pointing out the importance of "DETOX" in today's world. The artwork is signed and dated on the back.
