

## Jörg Herz: Sculpture "Statue of Liberty" (2024)

€1,980.00

This wooden sculpture shows a woman in a long blue dress raising her left hand to the sky, reminiscent of a modern Statue of Liberty. The artist was inspired by the iconic symbol of freedom and democracy and wanted to create his own interpretation of this image. He deliberately chooses to sculpt a woman as the artist wants to convey a sense of empowerment. In this way, he wants to convey the idea that everyone can achieve great things. The sculpture is a tribute to freedom, equality and human rights. Unique piece / figure approx. 64 cm high / with base 90 cm high / spruce and acrylic paint / wood sculptural work with a chainsaw
