"The path of the dove of peace" In the midst of the horrors of the Ukraine/Russia conflict, this work of art was created as a testimony to the longing for peace and freedom. The skull, a symbol of death and destruction, holds a dove of peace in its mouth. But this dove symbolizes the indomitable in the human spirit, which strives for redemption even in the darkest times. The image of the dove soaring upwards tells of a battle that is underway. One leg of the dove has already been freed, a symbolic act of breakthrough and the unwavering desire for freedom and peace, despite the chaos and darkness of war. "The Way of the Dove of Peace" is a representation of how hope and the will for peace never go out, even in the most painful moments of human history.
