

Gary Westall: Picture "Edeltraud's Birches No. VII" (2025)

€4,600.00

Painted from a photo by Edeltraud Woydeck. This is the seventh version and, as with the first, was a lot of fun to paint. I am delighted with these trees. My aim was to play and experiment with the colors in the trunk. Oil on cotton - 100 x 120 cm. Signed lower left. Attention, picture can only be delivered from week 13, 2025.
