

Karin Döring: Picture "You are perfect!" (2024)

With "You are perfect!" I show the beauty and uniqueness of the individual through a dynamic combination of portrait art and abstract graphic elements. Radiant colors, fine lines and powerful contrasts run through the work and create an exciting visual depth. The stripes, which are my trademark in the HUMAN STRIPES® series, symbolize the diversity and complexity of human identity. They conceal and reveal at the same time, questioning perception and inviting us to discover the essentials behind the surface. My message with this work, which applies to every viewer: You are perfect, just the way you are! The portrait is based on a photograph by Laurence Monneret/Stockbyte via Getty Images
