

Heike Schumann: Picture "Spring in the park" (2023)

€2,200.00

The work "Spring in the Park" was painted with high-quality acrylic paints and acrylic pencils on a canvas, dated and signed by the artist. It can be dated on request. This is an original work of art! Heike Schumann was inspired to create this work during a modeling session in her studio on the Baltic Sea. The model's movements and various poses make the approach experimental and dynamic, giving the large picture a very lively and abstract effect.
