€810.00

In this piece, I've poured my soul into capturing the dynamic essence of the sea, with every stroke imbued with the energy of the waves. The warm glow of the horizon whispers of hope and the constant dance of the ocean's ebb and flow. It's a celebration of nature's rhythms and the tumultuous yet serene beauty that cradles our world. This work will flood any space with a vital, soothing aura, and a reminder of the majestic, ever-changing theater of the sea.
