

Sabrina Seck: Picture "Eva" (2021)

€4,500.00

Eve tempts you, Eve is pure passion. Eve tempts with all her senses, clouds the mind. But she is more than the eyes perceive. She stands for beauty, her watchful eyes hold you captive, she observes, fixes. Beautiful, like one of the most fascinating reptiles of all. The snake. Thus, on the one hand, the snake meant life, renewal, rejuvenation, moulting, resurrection, and on the other hand, death, poison and destruction. It symbolized the creative power of the earth. In ancient Greece, the snake was considered the protector of the underworld. Eve as well as the snake have one thing in common. They can be beautiful and stunning, but also poisonous.
