

Ute Meyer: Picture "In the rape field" (2022)

€650.00

On a furrow in a bright yellow canola field stands a girl with red rubber boots. She is carrying a small bunch of canola flowers in her hand. Her gaze goes to the back of the field. The sky is streaked with gray cloud banks. Trees with fresh green can be seen on the horizon. Ute Meyer painted this watercolor from her own photographic notes. 300gr handmade paper from Centenaire served as a painting base. The image is fixed on a white passe-partout cardboard of size 60x80 cm.
