

Peter Nottrott: Sculpture "Sculpture Ensemble Two" (2019)

€4,990.00

Handmade unique piece by the Flensburg painter Peter Nottrott. The wall sculpture is like a sum of the various artistic development phases of Peter Nottrott. Starting with realistic painting (for example, paint tubes), he moved on to surreal painting (for example, shadows to create spatial depth) to abstract painting (motif on canvas). To this end, he has manufactured a spatial perspective both with the external form of the sculpture as well as with the structure of the sculpture (e.g. canvas form), the different types of wood and the assessiores (as real as painted brushes). The object invites its viewer to discover.
