

Anne Samson: Picture "Summer meadow" (2023)

€1,990.00

Cheerful, friendly and colorful- this is a beautiful summer meadow with lush flowers in red tones. The image reflects the lightness and good humor that one feels on a warm, bright summer day. Impressionist-oriented, the artist has resolved the motif into dots, strokes and small areas and used very numerous shades of color. Thus, a real eye-catcher has been created.
