

Sabine Schramm:
Picture "Abstract composition o.T. (work no. 190407)" (2019)

€1,380.00

In this abstract composition on natural wood plank with natural bark the artist combines modern art with original nature. In an extraordinary and elaborate finishing process, several layers of epoxy resin enriched with pigment were applied to the wood. This coating gives the work an indescribable luminosity - perfect brilliance in a new dimension! The result puts even glass in the shade and makes this picture something very special!
