

Sabrina Seck: Picture "live your life" (2023)

€2,900.00

Do not waste time on regret, anger or discontent. Don't waste time with fear or discouragement. What has been cannot be changed. What is to come, however, can. Don't wait too long to realize what you've always wanted. Don't wait too long for what makes you happy. What was yesterday, one knows. What tomorrow is, however, not. So LIVE your life and in the here and now. Due to digitization and depending on the monitor settings, there may be slight color deviations.
