

Ralf Kunstmann: Picture "red door" (2023)

€2,500.00

I often wander through the alleyways of my hometown of Nuremberg, always on the hunt for unique, off-the-beaten-track motifs. This particular door, hidden in an inconspicuous side street between the main market and the castle, is one such gem. At peak times, dozens of people, both locals and tourists, stream carelessly past it. It is precisely motifs like this that magically attract me. I want to give them the attention they deserve, lift them out of insignificance and put them in the spotlight. Please note that the picture is supplied unframed. An exemplary photo with frame is enclosed for illustration purposes.
