

## Heinz Stoewer: Picture "cockfight" (2020)

€1,800.00

The abstract work with a gray background and dynamic forms in beige and red tones evokes associations with a fighting rooster, from which the title of the painting is derived. The unusual combination of colors and the asymmetrical shapes and surfaces create a very exciting overall composition. The eye of the beholder can always discover new and familiar things in the many small details.
