

BIGUI: Picture "Blackberries" (2018)

€750.00

In my work, I explore the vibrant texture and color of nature. Using acrylic paints, I capture the essence of juicy fruits, their lush darkness against the soft green. The style is figurative with a hint of pop art, bringing a contemporary energy to the home. This painting is a celebration of life, sensuality and rich naturalness, inviting viewers to appreciate the beauty in the everyday. The painting has been stretched on a 3.5 cm deep gallery stretcher frame and can be hung without an additional frame as the sides of the painting are painted.
