

Bea Schubert: Picture "Building Bridges No.15" (2024)

€9,000.00

"We build too many walls and not enough bridges." Isaac Newton This work of art is a statement! My artwork is about people trying to get from one side to the other like tightrope walkers. They move through a wild abstract landscape. Let's build bridges, let's approach each other, let's help each other in a friendly and respectful way. 120x200cm, 2 cm deep. Museum aluminum stretcher frame, very high quality, which cannot warp. Sides are painted, framing is not required.
