

Gary Westall:
Picture "The Bath Tub - Le Tub 1885-86 after Edgar Degas"
(2019)

€990.00

For me, Edgar Degas is one of the most important Impressionists and I really appreciate his paintings. I found the original painting from 1885-86 very interesting and wanted to reinterpret it. I enjoyed adding some elements, including the sunflowers in the background as a nod to Vincent van Gogh and the painting on the wall, a painting of mine. Oil on linen - 30 x 60 cm. Signed lower left.
