

Mo Fontaine: Picture "Abstraction III" (2020)

€4,600.00

Abstract art can also be appealing to illustrators. Mo Fontaine paints abstract mainly when she wants to free her head, filled with all kinds of figurations: Then all the heads, animals, flowers, etc. are sent on vacation and get a time-out. Without a specific image idea begins for the painter then an adventure journey into the world de abstraction. For even abstracted forms and colors can, detached from mimesis and meaning, be carriers and "equivalents" of moods and feelings. The pictured picture frame is only a suggestion and is not included. The motif should be framed necessarily, because the artist always completes her motifs in the frame.
