

Sabrina Seck: Picture "Rebel" (2022)

€3,700.00

You don't always have to accept everything as it comes your way. Against all odds, rebellion is sometimes the right and only way to be at peace with oneself. Thus there have always been groups of rebels or also individual people who, among other things, defended themselves against injustice to themselves or to humanity. Our inner swine is also sometimes worth a rebellion in order to do the right thing. Due to digitization and depending on the monitor resolution, there may be slight color deviations.
