

## Mila Weis: Picture "Blue Mountains" (2024)

**€2,900.00**

In my artwork, I have sought to capture the overwhelming presence and quiet grandeur of the mountain landscape through an expressive, flowing treatment of acrylic paint. The abstracted forms and the gentle, yet powerful impressions reflect a deep longing and at the same time convey a calm that transports the viewer into the vastness of the moment. The cool blue tones, which contrast with vibrant yellow nuances, create a field of tension that radiates a subtly pulsating dynamic. This choice of color is intended to stimulate the viewer and evoke a sense of movement and contemplation - a balance between stimulation and inner peace.
