

Michael Rofka: Picture "Horizons" (2018)

€4,000.00

The image consists of a composition of horizontal blue stripes floating against a diffuse background. The shades of blue, essentially ultramarine, differ a little. The paint was applied in many layers. It has an intense color atmosphere. At first, the picture appears two-dimensional, but the "horizons" can also create a deep spatial illusion. Depending on the light situation, other impressions are created. The picture has a deep calm atmosphere.
