

Oleg Breininger: Picture "Hypermarket - Portal" (2020)

€750.00

Natural spaces characterized by use are the subject of my constant observations. Production and extraction, which among other things make up the use, determine the natural space in production material and production area and their components in production units. The work is temporarily located in Belarus. If an art lover wants to buy this artwork, I would be able to deliver it from Belarus without any problems.
