

Ali Sedri:
Picture "The top of New York City" (2023)

€2,100.00

The picture shows the impressive Empire State Building in New York City, majestically rising into the sky. Surrounded by the breathtaking skyscraper canyons that rival the Black Forest firs, the remarkable skyline of New York City becomes clear. These modern skyscrapers symbolize the vibrant energy and urban splendor of this metropolis. The Black Forest Fir represents the importance of nature in the midst of hectic urban life, it is meant to reflect the balance between urbanity and nature in New York City.
