

Ilona Schmidt: Picture "Essence of the forest" (2024)

€1,200.00

This abstract painting evokes the lively atmosphere of a forest. Dominant shades of green and blue represent the interplay of light, foliage and sky, while dark accents hint at the depth of the forest. The gentle, irregular transitions and the light pink and white nuances are reminiscent of rays of sunlight penetrating through the canopy of leaves and suggesting delicate blossoms or forest clearings. The picture radiates a harmonious, calming energy and invites you to experience the beauty and tranquillity of nature in an abstract way.
