

Mila Weis: Picture "Sunset Colors No. 1" (2024)

€1,700.00

The colors dance like a feverish melody on the canvas, each brushstroke a heartbeat, an emotion that forces its way to the surface. Golden, orange tones flare up, mingling with deep purple and glowing red, as if the sky itself were on fire. Between the brushstrokes lives a longing that strives towards the infinite, while the shadows of the setting sun blur into vibrant blue and melancholy violet. This sunset tells of an inner fire, of the passion of life and the eternal change from which it nevertheless tries to escape.
