

Hasso Heybrock: Picture "night wave" (2023)

€1,550.00

I live near the coast and the scenery over the sea always fascinates me. This painting tells about the mood at night on a gentle sea, when the little light softens shapes and movements and silence captures the soul. The almost monochrome painting opens the opportunity for the viewer to mentally slide out into the intangible distance of the sea and the night and lose himself in meditation.
