

Kirsten Treis: Picture "Leaf dance 2" (2020)

€580.00

On an autumn walk, we followed the course of a stream from the forest through a park into the city. Children and dogs were having fun in the stream at various points. I was fascinated by the leaves that were dammed up and "stacked" by the water at obstacles. The piles of leaves were in constant motion. Sometimes the water added a leaf, sometimes it took one away. Leaf dance. The sunlight found its way through the canopy in places, making the autumnal colors glow and the sediment glisten in the sun. At home, I created this semi-abstract picture with strong blue "water" that celebrates the dynamics of the situation. Signed and dated.
