

Toni Nohe: Picture "The garden" (2023)

In an abstract kaleidoscope of vivid colors and implied organic shapes, the painting creates a fairy-tale garden. The color palette creates a mysterious, yet wonderful impression. This work is part of the series "Invent your fairy tale". It invites the viewer to delve into an imaginary world where the boundaries between reality and fantasy become blurred. With restrained fascination, the painting allows the audience to let their own imagination roam freely and immerse themselves in the complexity of the abstract scenery.
