

KNÖ-REI: Picture "596-GK" (2023)

€2,600.00

This colorful composition with its bright acrylic colors, in which abstract forms and geometric precision meet, is reminiscent of a kaleidoscope or rays of sunlight. It was created from simple geometric minimalist shapes by dividing and superimposing them. Each segment radiates its own energy and dynamism. The subtle and bold color contrasts bring an unmistakable liveliness to any room. The work thus becomes a visual delight.
