

Sabrina Seck: Picture "Nakoma" (2024)

In my work you will experience a powerful fusion of expression and realism, enhanced by vibrant dabs of pop art style. This portrait of a young woman, drawn in dynamic acrylic colors, embodies indomitability and pride, as Nakoma means "great warrior" and "strong spirit". Her intense gaze and dramatically emphasized color accents invite us to reflect on deeper stories of culture and identity. Each element is designed to bring emotional resonance and inspiring energy into your home.
