

Michael Bajer: Picture "Evening atmosphere with trees" (2022)

A fascinating evening atmosphere with trees and a romantic mood. Depicted in the Disrupted Realism style. The beauty of the landscape is in focus. Disrupted Realism is about having the courage to change the lovely landscape, to disrupt it and thus present it in a more contemporary way. The reasons for this are many, such as a distracted world, but also the fusion of the image parts through various effects.
