

Milena Radic: Picture "Boliviana" (2022)

€2,670.00

In this oil painting I have depicted the dynamic essence and elegance of the human soul. The contrast between the vibrant hues and the soft, impressionistic background emphasizes the inner strength and appeal. Each brushstroke embodies the endurance and complex cultural fabric that is closely interwoven with our everyday lives. It promises to bring a sense of warmth, vibrancy and enduring dignity to any room.
