Monika Gollasch:
Picture "Rise of the crocuses III" (2023)

€800.00

Inspired by nature, I work with plants and flowers. I sketch the shapes of the flowers with ink and simplify them step by step to enlarge them in an exciting detail at the end. By playing intuitively with the colors, I create completely new and fresh combinations. Here, the crocuses are shown rising. Acrylic on canvas, painted around the edges and covered with protective varnish. Picture can be hung immediately on the stretcher frame, comes without extra hanging device.
