

Mo Fontaine: Picture "Rooster Henry in vegetable garden" (2020)

€3,650.00

Judging by the facial expression, Henry seems to want to make a powerful impression on the chickens. As a result of his performance, there is turbulence in the adjacent vegetable garden. As an illustrator, Mo Fontaine tries to tell a cheerful little story along the way. The turquoise-blue-green as a kick of freshness also fits the mood. And typical for the artist, there are again collaged elements at the edge, which additionally define the format and its limitation, so that Henry can be presented without a frame if necessary.
