Uli Fischer Art: Picture "LEO" (2022)

€9,796.00

The animal world is something wonderful. I love animals and of course this incredible Vielfallt. This leopard I painted entirely according to my thoughts and imagination and I love this animal with these colors. Animals are soothing and what ungalublich unique in our nature. It inspired me very much to paint this animal in my style. The picture is created full of love and with a blissful feeling and I am very excited about how it turned out too. Have fun and greetings from Lake Constance Uli Fischer
