Picture "By the sea" (2022)**

€2,200.00

The painting was inspired by the vacations by the sea. The artwork shows a seascape with stones, light breeze and clear water. Sea foam forms a unique pattern on the water surface, reminiscent of white lace. The predominant color in the painting is a delicate light blue, which contrasts with dark, sometimes black stones. Oil on canvas, 50 x 70 cm. Signed with Anna Ro
