**€800.00**

The pink May apple blossoms are surrounded by the light green foliage of white ramsons. At the bottom of the picture are shining out small light blue flowers of perennial forget-me-nots. The oil paint has been painted with impasto brushstrokes. The picture was created at the end of May in the garden of the artist. The shadow cast by the paint gives the image additional liveliness and dynamism. The picture support is made of wood. The suspension consists of a steel cable. The edges are white.
