

Ute Meyer: Picture "Evening atmosphere at the Baltic Sea" (2023)

This picture shows a sunset mood at the Baltic Sea. It was created after own photographic notes in the studio. Ute Meyer was fascinated by the bright orange reflection of the setting sun on the silver-gray and blue-gray water. The sky shines in soft pink violet, yellow and orange. The picture is provided with a shadow gap frame made of pine. A steel cable serves as a suspension.
