

Nari-Art by Nadine Riedl: Picture "Popeye - Call of the Sea" (2023)

€980.00

Popeye, the sailor with the hard knocks - that's how we know the courageous all-round hero with a particular fondness for spinach. Even though he likes to be grumpy from time to time, he is actually kind-hearted and loyal. Especially when it comes to the love of his life, Olivia, Popeye gets all sentimental. He would do anything for the lady of his heart. Killing dragons, chasing Brutus away, leaving familiar climes and traveling the oceans together. Processing: Acrylic paint, acrylic pencils, color spray and high-quality pigments
Sealing: Matt varnish
