

Holger Mühlbauer-Gardemin: Picture "Blood on the Streets" (2023)

€3,570.00

Blood on the Streets is symbolic of a severe stock market collapse. One should also buy shares when "the blood on the streets flows", that is: the shares are sold at a fraction of the actual value and you have the chance to experience a huge increase in value when buying these shares. The image is half analog and half digitally painted, then digitally merged on canvas, mounted on a 4 cm thick stretcher frame and on the back a sturdy wooden cross, finally finished with acrylic paint. Steps/Method of work: Analog, Digital, Analog. One of a kind.
