

Mila Weis: Picture "Make It Shine" (2022)

€2,400.00

In this work, emotions and layers of color merge into a dance of light and energy. Using acrylic, I have created abstract forms and expressive strokes that capture the fleeting beauties of life. The feeling of hope and new beginnings permeates every brushstroke, while impressionistic and minimalist influences leave room for the viewer to make their own interpretations. This painting will enrich your home with its vibrancy and optimism.
