

Heinz Stoewer: Picture "Tulips" (2023)

€1,950.00

Different colored tulip blossoms dominate this oil painting, whose choice of colors and composition are reminiscent of flower paintings or bouquets from Baroque painting. The dark brown background, which makes the flowers of the parrot tulips stand out radiantly, emphasizes this impression. Each of the flowers and buds is different and the delicate leaves bring everything together to form a bouquet. The abstract lines surrounding the whole create a lightness and emphasize that this is a contemporary work that takes up the baroque references. The work is signed on the reverse.
