

Ilona Schmidt: Sculpture "Dialogue" (2023)

€1,100.00

The pair of sculptures titled "Zwiegespräch" consists of two figures engaged in an intense conversation with each other. The sculptures are facing each other, which emphasizes their connection and communication. They were modeled from coarse stoneware clay, which gives them a robust and organic texture. The color scheme of the sculptures is mainly light blue and white, with black accents used to highlight certain details. This color combination gives the sculptures a certain lightness and elegance. Overall, the sculptures exude an atmosphere of dialogue and harmony. The figurines come without a base, as they can find a place for dialogue anywhere. The dimensions of each figure are: Head: 18 cm high/ 11 cm deep/ 7 cm wide The seated: 34 cm high/ 28 cm deep/ 10 cm wide.
